# Financial Support and Bias

## Disclosure of Financial Support

- This program has received NO financial support.
- This program has received in-kind support from the CFPC in the form of logistical and technical support.

## Potential for conflict(s) of interest: **(TO BE CONFIRMED)**

- No speakers have received external funding associated with any products being discussed in this webinar.

## Mitigating for Potential Bias

- Panelists will NOT present MAID and palliative care as opposing options,
- The focus will be on the spectrum of end-of-life care provided by family physicians, including MAID and palliative care

# Learning Objectives

By the end of today's webinar, participants will be able to....

- Demonstrate the importance of access to palliative care
- Define Medical Assistance in Dying (MAID) and recognize clinical scenarios where MAID fits within the current Canadian legislation
- Integrate an approach to End-of-Life Care conversations that can be initiated in multiple family practice clinical settings

# Sample question

How many patients have you seen that have chosen MAID?

- 1) 0 to 5
- 2) 6 to 10
- 3) More than 10

# Sample question

Have you helped a patient enact MAID?

- 1) Yes
- 2) No
